

KONICA MINOLTA

MINIMISE ALL. MAXIMISE ALL.

bizhub C754e/C654e 

Giving Shape to Ideas

Maximise your business with leading-edge functionality and solutions

Boost business quality and productivity

■ No more waiting with high-speed processing

With a lightning-fast 60 ppm for colour outputs, 180 opm for simultaneous duplex scanning, an astounding 22-second or less warm-up time and 5.3-second or less first copy out time in colour, as well as high-speed multi-tasking, the bizhub C754e/C654e deliver outputs without delay.

■ Add more value to business documents with a selection of finishing systems

Select from a variety of optional finishing systems, including the compact FS-534 which offers colour 3-sheet tri-fold, a booklet function, hole punching and stapling for up to 50 sheets. The highly functional FS-535 goes even further with stapling for up to 100 sheets and a post inserter.

Meeting the needs of heavy users

■ Improve total productivity

Boost productivity by reducing downtime. With an extended machine life and increased toner and carrier yields, the bizhub C754e/C654e are built to handle extended operation times and mass outputs.

■ Functionality for professional printing

Whether for A3 full-bleed outputs, index paper support, high resolution 1,200 dpi outputs, an upright panel*1 for better operation, or a Fiery controller*1 for graphic users, the bizhub C754e/C654e boast ample functionality as an on-demand machine to meet the needs of light production houses.

*1 Optional

High-level multi-functional solutions for immediate office use

■ Convert hardcopies into MS Office files*1

Scan, convert and save paper documents into Microsoft Office OOXML files (docx*2/xlsx*2/pptx) or various PDF files*3 for immediate use. And create searchable PDFs for text searches or text extraction with OCR processing when converting to OOXML and PDF files.

*1 Microsoft Office 2007 or later format (extensions: docx, xlsx, pptx)

*2 Optional

*3 Convertible PDF files:

- Searchable PDF (for digitising text via OCR of text) (optional)
- Compact PDF (for creating highly compressed PDFs)
- Encrypted PDF (for adding digital IDs) (optional)
- PDF/A (for long-term archiving) (optional)
- Linearized PDF (for optimised web display) (optional)

PC's, servers, mobile devices, USB memory devices, etc.

■ Optimal security regardless of scale and environment

Build the optimal device security system with a variety of authentication systems including server-free MFP authentication, IC card authentication using employee IDs and the sure-safe biometric authentication.

■ Optimal device placement

Konica Minolta's Optimised Print Services (OPS) promotes greater business efficiency through optimal device placement and reduced TCO. Optimally placing more eco-conscious devices also reduces power costs.

■ ISO 15408 EAL3 (IEEE 2600.1 Compliant)*4

The bizhub C754e/C654e achieve an unparalleled level of security by complying with IEEE 2600.1 international standard for MFP and printer information security.

*4 Under evaluation

Cloud and mobile connectivity for a new work style

■ Leverage cloud services with bizhub Connector

bizhub Connector apps*1 can be registered to the main unit to access cloud services*2 and SharePoint 2007/2010 corporate servers directly from the control panel.

New

bizhub Connector

Available in three types of apps

- **bizhub Connector S-1** for Microsoft SharePoint
- **bizhub Connector G-1** for Google Apps
- **bizhub Connector E-1** Works with Evernote

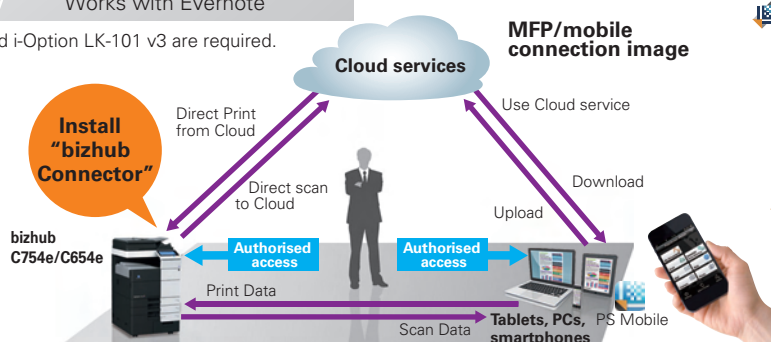

*1 Optional Upgrade Kit UK-204 and i-Option LK-101 v3 are required.

*2 Google Drive, Gmail, Evernote

■ PageScope Mobile for intuitive mobile device operation

Print documents and images directly from and receive scanned data with mobile devices such as smartphones or tablets with the PageScope Mobile for iPhone/iPad and for Android apps (free-of-charge). Cloud services*3 can also be accessed for sharing information and for a wider range of other uses.

*3 Usable cloud services as of 1 September 2013 are as follows:
Google Drive, DropBox and Evernote.

Smart & simple Comfortable operations for everyone

■ Ready-to-use operability for anyone

The bizhub C754e/C654e adopt the easy and intuitive INFO-Palette design smart user interface, providing the same user experience in any business situation through seamless operation even from PCs, tablets and smartphones.

■ Easy smartphone-like operation

The bizhub C754e/C654e implement the new multi-touch user interface which realises the same intuitive operation as mobile devices. Smartphone-like tap, flick and pinch make operations easier and more comfortable.

Minimise costs and environmental impact without the hassle

■ Low power consumption even during use

The bizhub C754e/C654e easily clear the new Energy Star standard TEC values. The thoroughly energy-saving design also reduces TCO.

■ More environmentally considerate materials

Recycled materials are effectively employed for the outer surfaces such as recycled PC/PET developed by Konica Minolta using advanced chemical processing technology, recycled PC/ABS and bioplastics to help reduce environmental impact.

Model shown is C754e with options.
